# Optical data link products and applications

[www.opticis.com](http://www.opticis.com)

# Optical USB Extension

## Schematic Diagram

Upstream Module

Downstream Module

M2-110 USB optical link extension cable with Type A upstream, Type B downstream

# Optical USB Extension

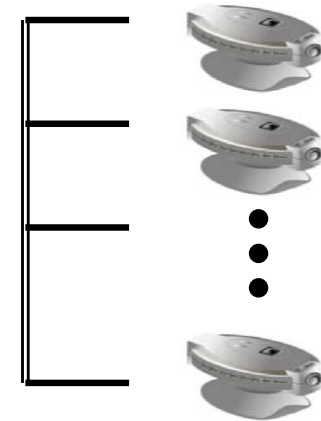

## Application 1 : PC(DVR) Surveillance System

**DESK & NOTE PC**

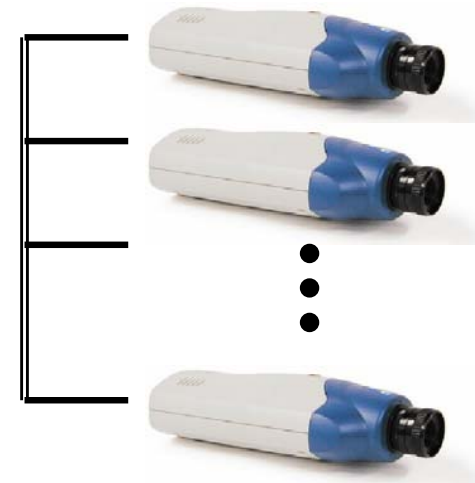

**Optical USB Module**

**DVR  
(Digital Video Recording System)**

**Optical USB Module**

# Optical USB Extension

## Application 2 : Wireless LAN Access Point

need to be linked to a network or platform

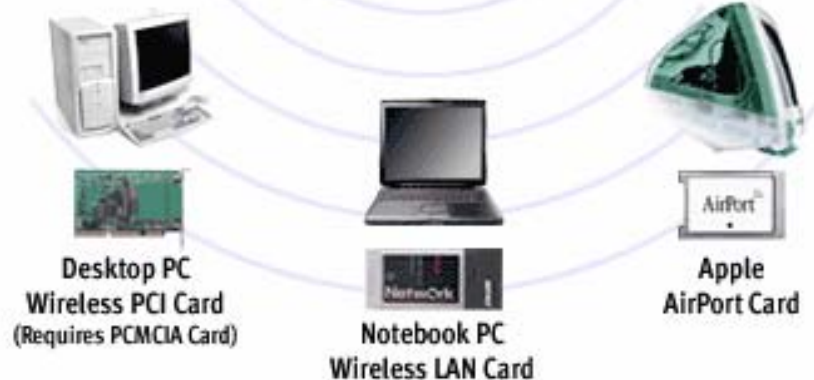

Optical USB Module

**Office Network**

**Mobile Network**

- **Golf Course Management**
- **Inventory Management**
- **Parking Lot Management**

# Optical USB Extension

## Application 3 : Midi & Digital Music Station

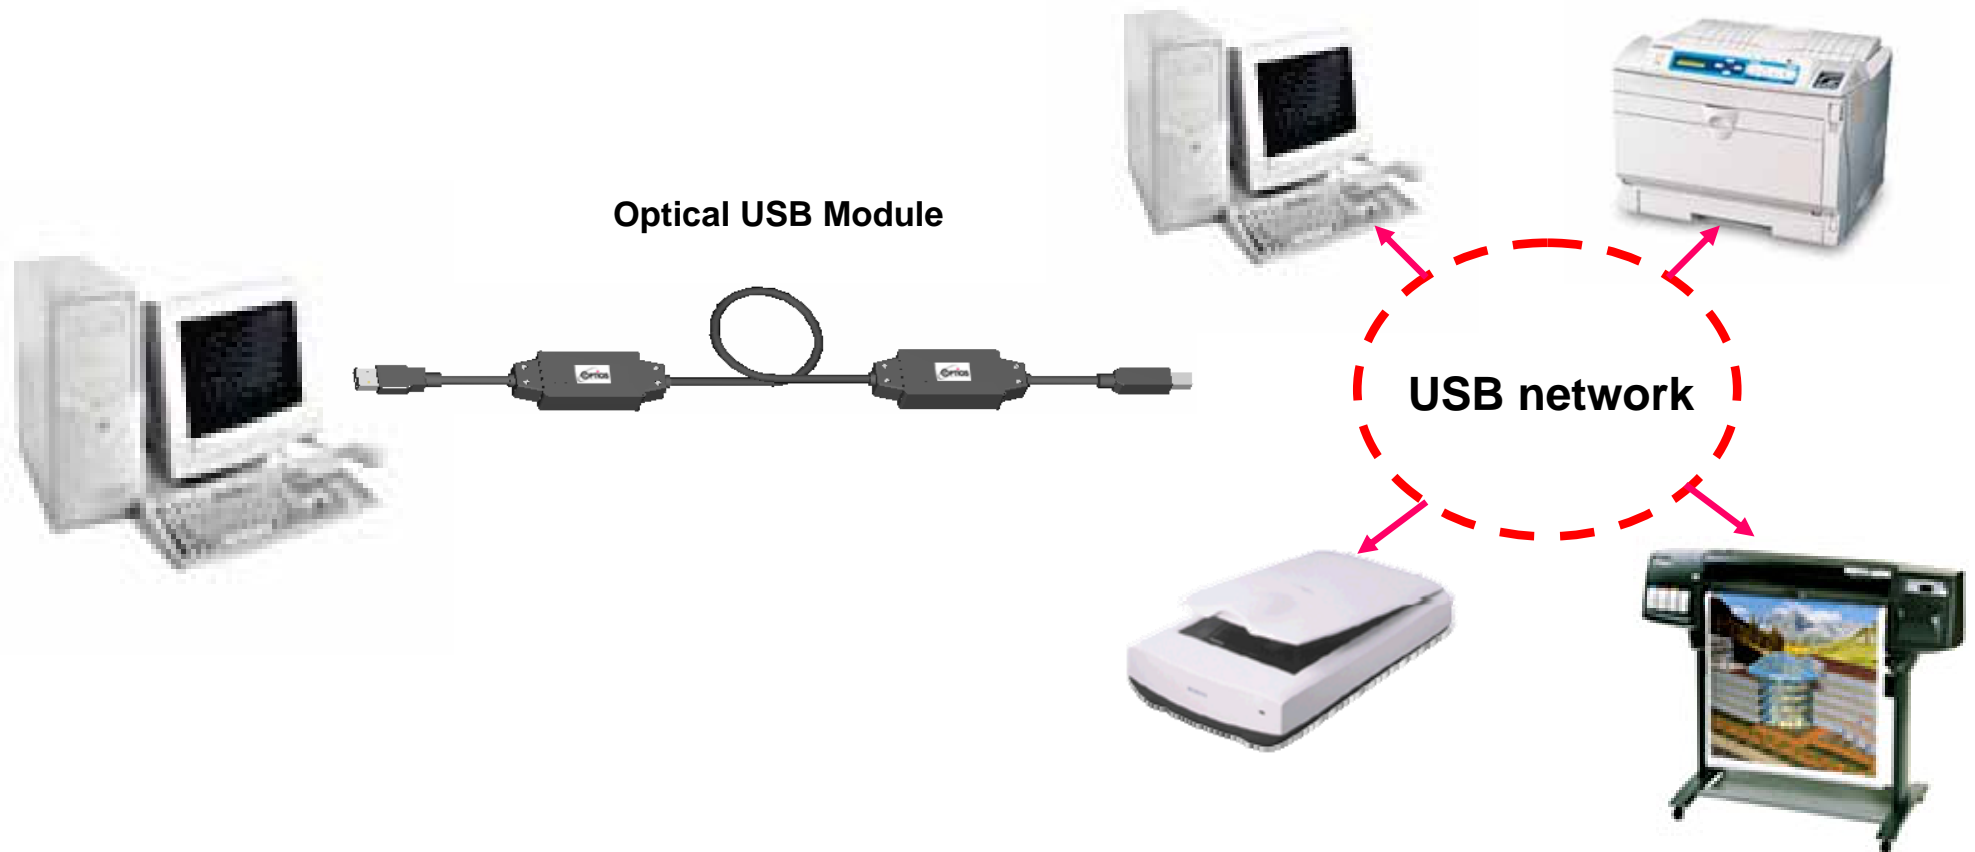

## USB Sound System

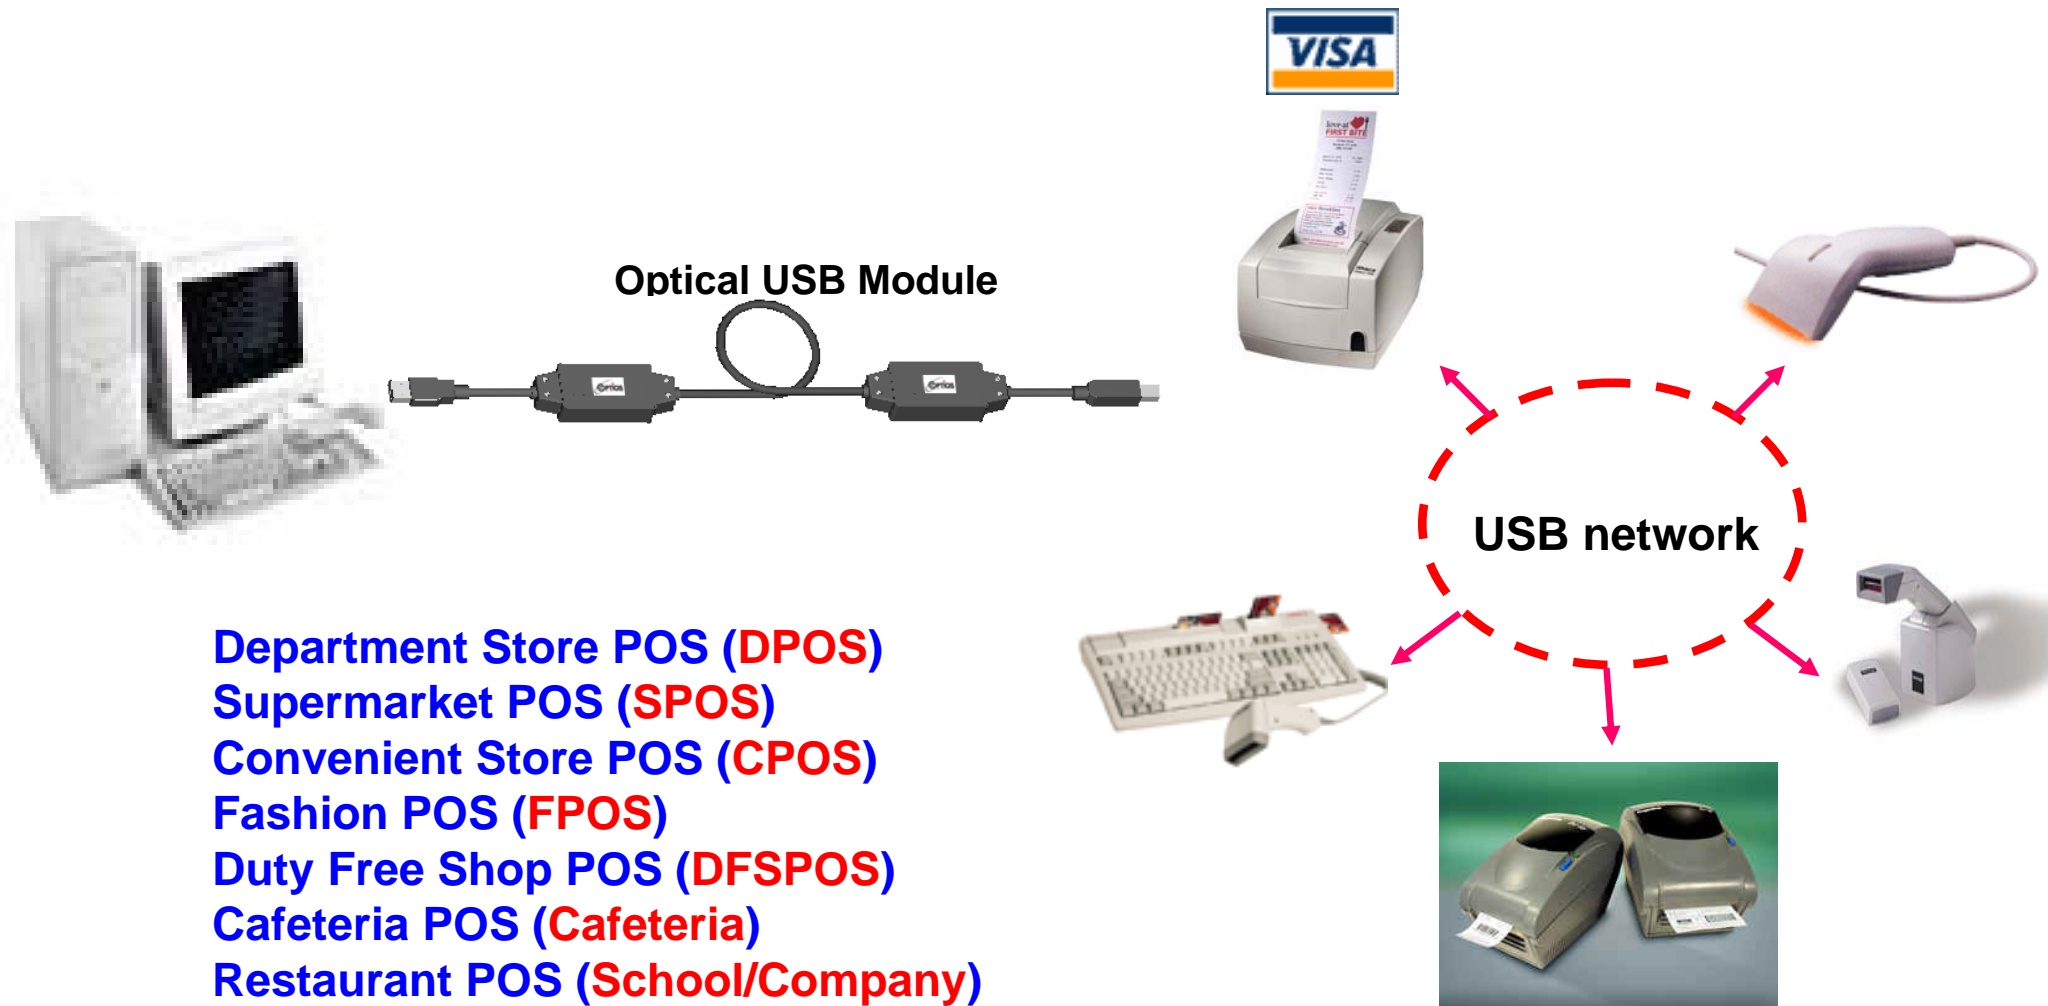

# Optical USB Extension

## Application 4 : (SOHO) Home Networking

# Optical USB Extension

## Application 5 : POS (Point of Sales) System

- Department Store POS (DPOS)
- Supermarket POS (SPOS)
- Convenient Store POS (CPOS)
- Fashion POS (FPOS)
- Duty Free Shop POS (DFSPOS)
- Cafeteria POS (Cafeteria)
- Restaurant POS (School/Company)
- Restaurant POS (Fast Food)
- Pharmaceutical POS (PPOS)

# Optical data link as a Home Network
